

4th International Symposium of Clinical and Applied Anatomy (ISCAA) and 14th National Turkish Anatomy Congress will be held in Ankara, Turkey

28th June - 1st July 2012

Anatomy 2012; **Online Preprint Issue**, © 2012 TSACA

It is our pleasure and honor to announce that 4th International Symposium of Clinical and Applied Anatomy (ISCAA) and 14th National Turkish Anatomy Congress will be held in Ankara between 28th June - 1st July 2012 in cooperation with Ankara University Faculty of Medicine, Department of Anatomy and Turkish Society of Anatomy and Clinical Anatomy. It will certainly be a great cultural and scientific event and a further opportunity to discuss issues of mutual interest with many colleagues from different countries.

At this meeting, we will also celebrate the retirement of Professor Alaittin Elhan, an outstanding personage of science, our veteran teacher and scientist who had spent great labor in development of anatomical science in Turkey.

The meeting venue, "Morphology Building" is conveniently located in the city center and center of our Faculty. The excellent academic center of Ankara University will provide participants with unique opportunities for collaboration, exchange of ideas in anatomy, education and innovation, and an update of the latest developments in all the topics of clinical and applied anatomy.

The official websites of 4th International Symposium of Clinical and Applied Anatomy (ISCAA) www.iscaa2012.org and 14th National Turkish Anatomy Congress www.ankaraanatomi.org allow you to proceed with online registration. Online abstract submission is

also available on the same websites. Please note that the deadline for early registration and abstract submission is 31st of March, 2012. For any scientific matters, please forward all of your questions to Assoc. Prof. Halil Ibrahim Açar & Assoc. Prof. Nihal Apaydın (Scientific Secretariat- info@iscaa2012.org & info@ankaraanatomi.org). You can contact the organizing company Semtur (semtur@iscaa2012.org) for your inquiries about the registration, accommodation, pre- or post congress tours.

It is our pleasure to host these meetings at our campus and to provide meetings of high scientific quality with oral presentations, posters and discussions. We think that these meetings will be a great opportunity to express our sense of loyalty to our teachers and particularly to bring clinicians and anatomists together to do assessments of Clinical and Applied Anatomy.

We warmly welcome you in Ankara, Ankara University Faculty of Medicine on 28th of June, 2012.

Sincerely,

Prof. İbrahim Tekdemir, MD
Congress President
Department of Anatomy,
Faculty of Medicine, Ankara University
06100 Ankara, Turkey
